## PRIMARY POWER SERVICE – RATE “D”

**Effective Date:** July 1, 2001

### AVAILABILITY:

Available for primary power service. The billing demand as hereinafter defined shall not be less than 150 KW.

### SERVICE:

Alternating current, 60 cycles, at a nominal voltage of 2400/4160 three phase or 14400/23000 three phase.

All apparatus and equipment necessary for transformation, regulation and metering of the delivered energy is to be provided by the City of Niles Light Department. The metering of the energy consumed under this schedule will be measured at 2400/4160 or 14400/23000 volts.

### RATES:

The net monthly charge per customer shall be:

#### **Capacity Charge:**

##### Inside City Rate

\$8.25 per KW of billing demand.

##### Outside City Rate

\$9.65 per KW of billing demand.

#### **Energy Charge:**

##### Inside City Rate

\$0.0501/KWH First 250 KWH per KW of billing demand.

\$0.0293/KWH Over 250 KWH per KW of billing demand.

##### Outside City Rate

\$0.0578/KWH First 250 KWH per KW of billing demand.

\$0.0334/KWH Over 250 KWH per KW of billing demand.

Director of Emergency Management*

## **Minimum Charge:**

The minimum monthly charge shall be capacity charge multiplied by 150 KW.

## **Billing Demand in KW:**

The measured kilowatt demand shall be determined by the maximum demand achieved during the billing period.

The average power factor shall be determined for each month by comparing the kilowatt-hours of power consumed during the month with the reactive power consumed during the month. The reactive power shall be measured by a VARH meter.

To the extent that the customer's hourly power factor is below 90% lagging or 90% leading, a payment of \$0.40 shall be made to the city for each KVAR which caused the power factor to be below 90% lagging or 90% leading.

## **Terms of Payment:**

The amount billed is due and payable upon receipt of the bill. Any bills not paid prior to the following month's billing date will be considered delinquent. The City of Niles reserves the right to discontinue service to any customer having delinquent bills after proper notice has been given.

**Contract:**    A written application is required.

## **Rules and Regulations:**

The City of Niles Light Department Rules and Regulations shall apply to the installation and use of electric service.
