All apparatus and equipment necessary for transformation, regulation and metering of the delivered energy is to be provided by the City of Niles Light Department. The metering of the energy consumed under this schedule will be measured at 2400/4160 or 14400/23000 volts

RATE: The net monthly charge per customer shall be:

Capacity Charge: **Inside City Rate**
\$10.00 per KVA of billing load

Outside City Rate
\$11.60 per KVA of billing load

Energy Charge: **Inside City Rate**
\$0.0530 per KWH for the first 250 KWH per month.
\$0.0303 per KWH for all over 250 KWH per month.

Outside City Rate
\$0.0615 per KWH for the first 250 KWH per month.
\$0.0351 per KWH for all over 250 KWH per month.

Minimum Charge:

The minimum monthly charge shall be the capacity charge multiplied by 150 KW.

Billing Demand in KW:

The measured kilowatt demand shall be determined by the maximum demand achieved during the billing period.

The average power factor shall be determined for each month by comparing the kilowatt-hours of power consumed during the month with the reactive power consumed during the month. The reactive power shall be measured by a VARH meter

To the extent that the customer's hourly power factor is below 90% lagging or 90% leading, a payment of \$0.40 shall be made to the city for each KVAR which caused the power factor to be below % lagging or 90% leading.

TERMS OF PAYMENT:

The amount billed is due and payable upon receipt of the bill. Any bills not paid prior to the following month's billing date will be considered delinquent. The City of Niles reserves the right to discontinue service to any customer having delinquent bills after proper notice has been given.

CONTRACT: A written application is required.

RULES AND REGULATIONS:

Motors and equipment served under this rate schedule must have electrical characteristics so as not to interfere with service supplied to other customers of the City of Niles.

The City of Niles Light Department's Rules and Regulations shall apply to the installation and use of electric service.
